Can you trust your neighbours?

Description

A mother and daughter move in to a new community and find themselves next door to a house with a terrible past. Years ago, in a notorious incident, a psychotic young girl murdered her parents. While the locals insist the girl vanished after the brutal murders, the new arrivals quickly discover the sinister house's story is far from over... and the daughter may become part of its dark legacy.

Plot Outline

House at the End of the Street is an edge-of-your-seat thriller that will be to Psycho what Disturbia was to Rear Window.
